# CARPOOL PROGRAM RULES

## Who Is Eligible to Participate?

- Carpool groups consist of two (2) registered members. Additional riders are welcome and strongly encouraged, but only two will be registered members.
- Both registered members must be full time, benefits eligible UF or Shands employees. Both are required to work compatible day-shift schedules on the main campus and live along a reasonable commuting path.
- Carpool group members are not eligible to purchase other University of Florida/Shands parking decals (Motorcycle/Scooter, Staff Commuter, etc.).

## How the Carpool Program Works

- Both registered members are required to purchase their own annual Carpool decals at about one quarter the cost of an Orange or Blue faculty/staff decal. Both Carpool decals must be displayed together in the vehicle in order to park in the assigned carpool zone. The Carpool decals are smaller and both will fit onto one standard display device.
- Carpool decals are not interchangeable between carpool groups. Participants must display both decals issued for their carpool only. If a carpool group disbands, both decals must be returned before a new carpool group can be formed.

## Occasions When Unable to Carpool

- Registered carpool members may purchase up to six (6) one-day permits per semester at half price (half of the current cost is \$2.50) for use in (non-carpool) decal restricted parking areas.
- On days when a participant is unable to carpool, one vehicle still may use the carpool zone provided that it displays both Carpool decals. The other vehicle may not use the carpool zone, but may use a one-day permit and park in the appropriate decal restricted lot. It is important to note that a one-day permit may not be used in a carpool zone.
- A one-day permit is required on non-carpooling occasions. Remember: a single Carpool decal by itself is not valid for parking anywhere on campus.
- Only one carpool member's vehicle may park in any of the carpool zones on campus at any time. If more than one carpool member parks in any of the carpool areas at the same time, both vehicles are subject to receiving parking citations.

## **\*\*Penalties for Misuse\*\***

- Individuals falsely participating in the carpool program shall be subject to a \$150 fine for False Registration, vehicle impoundment and loss of carpool parking privileges for the remainder of the current decal year and the following decal year.
