

Parking Notification For UF Vs. Tennessee Home Football Weekend, September 15-16

In order to manage parking for seven home football games during the 2017 Gator season, we ask for your understanding and support as we make our visitors feel welcome while simultaneously meeting our academic needs. Many of these same visitors who arrive on campus a day early, sometimes in a motor home, are long term financial supporters of University of Florida academic programs.

To ensure football parking availability on campus, please find alternate parking during this home football weekend beginning on the times listed below for the specified areas.
